

QUALITY POLICY

At SHIFTA, we commit to the quality of our services in Software Consulting and Development projects as well as in providing staffing professionals, complying with all applicable requirements within our Quality Management System.

This commitment is based on:

- Continuously improving our Quality Management System.
- Professional development and growth of all Shifters.
- Innovating from our own square meter by proposing ideas and implementing them.
- Constantly seeking satisfied customers by addressing each case uniquely.
- Sustainable growth of the Company.

This Policy is embraced by all of us at SHIFTA as part of our individual and collective performance.
